Dear Madam

The only letter I can put
3 hands on was with reference to
an article, but it seems to relate
to the article more than to any
special view of Miss Watson's own.

I however send part of it, leaving
out what could be of no use to you.

Your paper on Grace is very
welcome and you put very strikingly
what many of us feel strongly. . . .

- " We read a Cato today. It should be
- suitable if for further extracts from you
- on such subjects say as "How to read
- and what to read." "Courtesy";
- "Conversation" - in fact a dozen

- but which would well bear a full
- treatment.

" PS I should greatly like ^{series} ~~series~~ of
- papers on manners and morals next year.

I am sorry that I did not follow
this up, owing to want of time. I may
find time. I shall greatly like to see
the full number of revised papers later, at
present I am just leaving home.
Yours truly

Dear Miss Kitching,

Thank you so much for your letter and for the papers which you sent with it. I will gladly read the papers, and if I can will make use of them in the paper which I hope to read to the Educational Section of the British Association, or at least ^{will} ~~to~~ refer to them or to one of them, as my paper is already written. I was a great admirer of Miss Mason; but I am not sure that I can lay my hands upon the letters which she wrote me a good many years ago. Can you tell me the exact date of her death? If I cannot find her letters, I shall be obliged, supposing I write about her, to trust my memory; but I will gladly pay a brief tribute to her good work, if you think such a tribute would be of any use to you.

Believe me,

Miss Kitching.

Most faithfully yours,

J. E. Allen

"I have been asked if I can recall
any reminiscences of Miss Mason, when
I was a student at Bishop Otter Memorial
College - Chichester - I was there in 1877-78
I can remember her personally quite
well - her wonderful kind face - her lectures
on training children, were I feel sure very
helpful, specially her classes in the
Practising School - I do not think she
was at Otter College during the whole of
my two years - I think she must have
left for more appreciated work?
